SUBSIDY ON PREMIUM:

The difference between Actuarial Premium Rate and the rate of Insurance premium payable by farmers shall be treated as Rate of Normal Premium Subsidy, which shall be shared equally by the Centre and State Govts as per the procedure laid down by the ROGs are adopted.

6. NOTIFICATION OF CALAMITY YEARS:

According to provisions of ROGs, Threshold Yield (TY) for a crop in a notified insurance unit will be calculated by taking average of best five years yield, excluding two lowest yield years out of previous 7 years and multiplied by specified indemnity level. Crop wise data of both seasons starting from Kharif 2012 to Kharif 2018 will be considered for final TY calculations at the time of settlement of claims for Kharif 2019. Similarly, Rabi 2012-13 to Rabi 2018-19 will be considered for final TY calculations at the time of settlement of claims for Rabi 2019-20.

Seasonality Discipline for deduction of premium/ acceptance of proposal /remittance to Implementing Agency/Insurance Company along with declaration by Branches / PACs /C.B./RRBs/ Co-operative Banks and other Authorized Intermediaries will continues to act as members of IA /Submission of yield data /settlement of claims is given in *Annexure-I:*

8. COLLECTION OF PROPOSALS AND PREMIUM FROM FARMERS

The Nodal Bank system adopted under NAIS/ NCIP wherein the implementing Insurance Company is not required to deal with all the loan disbursing points and instead deals only with designated Nodal banks, will continue under PMFBY only for Cooperative Banks.

However, for Commercial Banks/RRBs, the individual bank branches shall act as Nodal branch for this purpose. The concerned Lead bank and Regional offices/ Administrative offices of Commercial banks/RRBs will provide necessary guidelines to concerned bank branches and coordinate with them to ensure that all concerned branches compulsorily remit the farmers premium electronically through NEFT/RTGS to be routed through NCIP to concerned Insurance Companies and submit the consolidated proposals/information in prescribed format well within the stipulated cut-off dates and also upload the details of individual covered/insured farmers on National Crop Insurance Portal.

Besides, for the coverage of non-loanee farmers only, Insurance Company may also use IRDA approved micro insurance agents/ insurance intermediaries. However, details of such agents should compulsorily be submitted to State Govt. and Govt. of India well before the start of the season for creating their credentials and subsequent uploading of details of individual insured/covered farmers on Portal within stipulated timelines. Without proper approval of the State Government, insurance company cannot utilize the services of any Agency / use any other mode of payment for collection of Premium.

Consolidated declaration/ proposal formats to be submitted physically/ electronically by Nodal banks/Branches shall contain details about Insurance Unit, sum insured per unit, premium per unit, total area insured of the farmers, number and category of farmers covered (small and marginal or other)and number of farmers under other categories(SC/ST/others)/Women along with their bank account details etc.(bank/their branches) as per the application form provided on the National Crop Insurance Portal. Banks are required to upload the insured farmers' data mandatorily on the National Crop Insurance Portal.

No other platform shall be used for uploading/submission of farmers' data. Those farmers whose data is uploaded on the National Crop Insurance Portal shall only be eligible for Insurance coverage and accordingly the premium subsidy will also be released.

Loanee farmers (Compulsory coverage)

Whenever banks sanction loan for a notified crop in a notified area, the crop loan amount to the extent of notified Sum Insured (equivalent to DLTC/SLTC approved Scale of Finance) for notified crop and acreage of individual notified crop of loanee farmer shall be taken into consideration for compulsory coverage, as per seasonality discipline. Based on seasonality of crop, banks should separately calculate the eligibility of loan

amount for both Kharif and Rabi seasons based on the Scale of Finance and declared acreage under notified crops. Disbursing bank branch/ PACS will prepare statement of crop-wise and insurance unit-wise details of crop insurance with premium as per the seasonality discipline. Loan disbursing bank branch/ PACS shall finance additional loan equal to the premium amount payable by farmer for crop insurance.

Benefit of add on products viz., prevented sowing/ on account payment for Mid season adversity/ localized calamity will be available to only those farmers who have paid the premium / the premium has been debited from their account before the damage notification by the State Govt. for invoking this provision for compensation. Hence, Banks must ensure that they debit farmers premium within 15 days from sanction/renewal of KCC/crop loan, failing which banks will be liable to meet the claim liabilities of uncovered eligible famers.

Banks are therefore advised to debit loanee farmers premium at least one month before cut-off date for enrolment to avoid this situation and in case sanction happens within one month of cut-off date, banks may daily debit premium for such accounts.

Crop loans sanctioned through Kisan Credit Cards (KCC) are covered under compulsory coverage and banks shall maintain all back up records and registers relating to compliance with PMFBY and its seasonality discipline and cut-off-date for remittance of premium/ submitting of coverage details as in the case of normal crop loans. Bank branch will apportion coverage among insurable crops, based on acreage mentioned in loan application or on the basis of actual area sown as declared by the farmer subsequently.

Bank branches of Commercial banks and RRBs/ Nodal Bank in case of PACS under its jurisdiction shall submit individual insured farmer's details along with NEFT/RTGS/UTR details of premium online through National Crop Insurance Portal. Additionally, consolidated insurance proposals/ statements/declarations from the bank branch/ Nodal Bank in case of PACS under its jurisdiction, shall be forwarded to the concerned Insurance Company along with details of remittance/ RTGS towards insurance premium, in accordance with cut off dates, as specified by SLCCCI for a particular crop and season. It shall be the responsibility of ICs to collect the consolidated statement from the concerned bank branches/ PACS.

Different options are available for bank branches to provide details of beneficiaries in a more transparent and authentic mechanism. Bank branch can upload the details of insured farmers through online application mode. Banks are required to upload/enter the information continuously without waiting for last day for premium debit and data entry.

As an alternative, direct integration of Core Banking Solution (CBS) with National Crop Insurance Portal has also been successfully initiated and the same may be used by Scheduled Commercial Banks/RRBs/DCCBs available on CBS for pushing the farmers' details in bulk directly without filling the individual farmer's details on web-portal or off-line utility.

Non-loanee farmers (Optional coverage) through Channel partners

Farmers desirous of availing insurance shall fill up Proposal Form of the Scheme and submit the same to nearest bank branch or authorized channel partner or insurance intermediaries of insurance company.

In case of submission through Bank Branches, farmers will submit duly filled proposal form in the nearest branch of a Commercial Bank (CB) or Regional Rural Bank (RRB), or PACS (DCCB) with applicable insurance premium amount and other documents. Bank Branch may, after completing verification of documents, accept or reject the application. Premium is accepted by the bank branch preferably from the farmer's operational account in the same bank branch itself and the same would be sent to the concerned Insurance Company within the stipulated time for the purpose. It is the responsibility of bank branch to complete the application of farmer. In case the farmers is unable to fill the application, bank branch is

responsible for filling the application on farmer's behalf, so that not a single farmer who desires to take crop insurance coverage is left out from the purview of crop insurance Scheme

In case submitted through CSCs, farmer will be required to authenticate herself/himself using Aadhaar for filling up online application form. Having a bank account is essential for such cases. CSC will upload all requisite/desired supporting documents on Portal while filling up the application form on behalf of the farmer. Applications without requisite documents would not be considered for insurance coverage and CSC-VLE is responsible for proper filling of application form.

CSC/Branch/ PACS officials will assist the farmers in completing the insurance proposal form and provide necessary guidance. While accepting the applications and premium, CSC/Branch/ PACS will be responsible for verification of required documents, eligible sum insured, applicable premium rate, etc. In case of coverage through PACS, they will consolidate these particulars and send them directly/ to respective Nodal Bank Branches which will, in turn, submit application details online on National Crop Insurance Portal and submit crop-wise and insurance unit-wise declarations electronically in the prescribed format, along with the e-remittance of premium using payment gateway/ RTGS/NEFT mode, within the stipulated time, to insurance company. Besides CSCs, other Govt./ semi-Govt. institutions/organizations including Post offices are also proposed to be utilized for insurance of non-loanee farmers after their integration with the National Crop Insurance Portal after obtaining approval of competent authorities.

Non-loanee cultivators could also be serviced directly by any designated agencies, other authorized channel partners or insurance intermediaries, approved by the IRDA for the purpose and they will act as a guide and facilitator wherein they will advise such non loanee cultivators about the benefits and desirability of the Scheme and guide the farmers about procedures; collect requisite premium and remit individual/Consolidated premium electronically to insurance company, accompanied by individual proposal forms and summary details in declaration form and upload details of each insured farmer compulsorily within stipulated timelines on the NCIP.

While accepting the Proposal and the premium from aforesaid designated agents, other authorized channel partner or insurance intermediaries approved by IRDA, it shall be the responsibility of Insurance Company or its designated agents to verify insurable interest and collect the land records, Aadhaar Number., particulars of acreage, sum insured, crop sown etc. and applicable contract/ agreement details in case of share croppers/ tenant farmers. The designated intermediaries shall enter the data of farmers on web-portal, remit the premium with consolidated proposals within 2 days.

However, it is mandatory that the non-loanee cultivators serviced by the designated intermediaries should hold a bank account and Aadhaar No. or Aadhaar enrolment No. in order to get insured and the designated intermediaries will also facilitate remittance of the claim, if payable.

For farmers buying crop insurance through CSCs or online, OTP/Aadhaar enabled verification shall be construed as signature by the applicant for coverage under crop insurance

Non-loanee Farmers (Optional coverage) - directly to Insurance Companies/Web Portal

Non-Loanee farmer may submit insurance proposals personally - to Insurance Company with requisite/desired supporting documents and applicable premium has to be remitted electronically to concerned Insurance Company and details of UTR/remittance slips should compulsorily be attached with application.

Non-loanee farmers can also submit application forms for getting insurance coverage through web-Portal. For this, farmer can fill up the online application form available on crop insurance Portal (www.pmfby.gov.in) and pay the requisite premium through payment gateway. As soon as the application is submitted through the

system, an acknowledgement receipt will be generated along with a unique identification number. Additionally, intimation will also be sent through SMS on registered mobile number of the farmer

However, it is mandatory that Non-Loanee farmers, personally submitting proposals to Insurance Company or through National Crop Insurance Portal, should have insurable interest and submit necessary documentary evidence as proof as decided by SLCCCI along with Aadhaar no. or Aadhaar enrolment No. . The insured farmer loses the premium and the right to claim (if any) if the material facts furnished in the proposal form are found to be wrong or incorrect at any subsequent point in time.

Insurance companies retain the right to accept or reject insurance proposal(s) within 15 days/one month of receipt of proposal for Loanee/Non loanee respectively, in case proposal is incomplete, not accompanied by necessary documentary proof, Aadhaar no. or Aadhaar enrolment No./Slip or insurance premium ordinarily,. If the proposal is rejected, the Insurance Company will fully refund the collected premium.

Engagement of Common Service Centres (CSCs) and Intermediaries for coverage of Non-Loanee Farmers:

CSCs under Ministry of Electronics and Information Technology (MeITY) have been engaged to enrol non-loanee farmers. The Insurance Companies are required to enter into a separate agreement with CSC and pay service charges as fixed by DAC&FW, GOI per farmer per village per season. No other agreement or payment is required to be made for this purpose. Nodal agency for engagement with Ministry of Agriculture and Farmers Welfare and Insurance Companies will be CSC-SPV, a company established under MeITY for carrying out e-governance initiatives of GOI. No charges/fee shall be borne or paid by the farmers being enrolled through CSCs i.e. CSC-SPV and CSC-VLE. As per IRDA circular, no separate qualification/certification will be required for the VLEs of CSCs to facilitate enrolment of non-loanee farmers.

All empanelled Insurance Companies will compulsorily be required to enter into an agreement with CSC for enrolment of non-loanee farmers and for provision of other defined services to farmers. Other designated intermediaries may be linked with the Portal in due course.

Empanelled Insurance Companies have to necessarily register on the portal and submit list and details of agents/intermediaries engaged for enrolment of non-loanee farmers in the beginning of each season within 10 days of award of work in the State. Further all agents/intermediaries have to work strictly as per the provisions of the Scheme and IRDA regulations.

Electronic Remittance of Funds:

Govt. of India and State Govt. will endeavor to utilize Public Financial Management System (PFMS)/PFMS linked systems to remit the funds to State Govt/agencies.

Banks, CSC and Insurance Agents are required to remit the premium payment to respective Insurance Company mandatorily through Payment gateway (Pay-Gov) of National Crop Insurance Portal or through RTGS/NEFT followed by mandatory uploading of payment details on National Crop Insurance Portal within stipulated date.

Bank details of Insurance Companies shall be made available on National Crop Insurance Portal itself. Accordingly, all Stakeholders including Insurance Companies, Bank branches, CSC and Insurance Agents must compulsorily maintain dedicated bank accounts for this purpose. No offline remittance/financial transaction in the form of Banker's cheque/Demand Draft will be allowed.

Insurance companies will be provided login access to the essential crop notification data/information along with farmer level coverage data including banking details of individual farmers on the National Crop Insurance Portal to reconcile, verify, validate and calculate payable claims and remit the same directly into pre-declared

bank accounts linked to the National Crop Insurance Portal.

Change of crop name :

Farmers covered, on voluntary basis, can buy insurance before actual sowing/ planting, based on advance crop planning. However, for any reason if a farmer changes the crop planned earlier, he should intimate the change to insurance company, up to 2 working days before the cut-off-date for enrolment/buying insurance, through financial institution/channel partner/ insurance intermediary/directly as the case may be, along with difference in premium payable, if any, accompanied with sowing certificate issued by concerned village/ sub-district level official of the State. In case the premium paid was higher, Insurance Company will refund the excess premium.

Similarly, loanee farmers can also change the name of insured crop from the original crop indicated in the loan application but such change should be submitted in writing to the concerned bank branch up to 2 working days before cut-off date for enrolment and accordingly their newly proposed crop should be insured. However change of non-notified crop to notified crops without submitting the sowing certificate is not permissible. Bank will ensure that all standard loans (as defined by concerned financial institutions) sanctioned/renewed for notified crops within stipulated cut-off date should compulsorily be covered.

9.LOSS ASSESSMENT AND CLAIM SETTLEMENT :

Wide Spread Calamities (based on season-end yield): The Scheme operates on the basis of 'Area Approach' i.e., Defined Areas for each notified crop for widespread calamities and insurance unit is Village/Village Panchayat or any other equivalent unit for major crops and for other crops it may be the same unit or a unit of size higher than Village/ Village Panchayat level, to be decided by the State/ UT Govt.. State Govt.

Department overseeing conduct of CCEs will submit yield data as per cut-off date decided by SLCCCI, along with results of individual CCEs (conducted through smart phone using CCE Agri App) on National Crop Insurance Portal. Yield data so arrived at will be approved/ uploaded by the concerned authority/State nodal department and made available to Insurance Company.

Assessment of Claims : If 'Actual Yield' (AY) per hectare of insured crop for the insurance unit (calculated on basis of requisite number of CCEs) in insured season, falls short of specified 'Threshold Yield' (TY), all insured farmers growing that crop in the defined area are deemed to have suffered shortfall in yield of similar magnitude. PMFBY seeks to provide coverage against such contingency.

'Claim' shall be calculated as per the following formula:

$$\frac{\text{(Threshold Yield - Actual Yield)}}{\text{Threshold Yield}} \times \text{Sum Insured}$$

Where, Threshold yield for a crop in a notified insurance unit is the moving average yield of past seven years (excluding a maximum of two calamity year(s) as notified by State Government/ UT) multiplied by applicable indemnity level for that crop.

And

Actual Yield for a crop in a notified area is the Actual Yield data furnished by Department of Economics and Statistics calculated on the basis of conduct of requisite number of Crop Cutting Experiments under single series and submitted to the respective Insurance company i.e. within the prescribed cut-off date along with results of individual CCEs to the Insurance Companies.

Wherever the yield estimates reported at IU level are abnormally low or high vis-à-vis the general crop condition, the insurance company in consultation with State Government can make use of various products (e.g. Normalized Difference Vegetation Index, etc.) derived from satellite image data or other technologies to

confirm the yield estimates. In case of significant differences between these two yield estimates, the matter should be referred to Technical Advisory Committee (TAC) at Centre and its decision shall be final.

To increase the reliability, accuracy and speed of CCE data, it is mandatory to use smart phones / hand held devices for capturing images, location of the CCE and for online transmission of data on centralized server would be done for faster compilation of data and quick claim settlement. RST and Drones etc. may also be used for the purpose of increasing accuracy and speed of yield estimation through CCEs.

On Account Payment of Claims due to Mid-Season Adversity

Insurance cover will be provided to the farmers to provide immediate relief in case of adverse seasonal conditions during the crop season viz. floods, prolonged dry spells, severe drought etc., wherein expected yield during the season is likely to be less than 50% of Normal Yield.

All notified IUs would be eligible for "ON ACCOUNT" payment only if the expected Yield of the affected crop during the season is less than 50% of Normal Yield.

The provision could be invoked for a specific crop or group of crops in notified IU, by the State Govt. through damage notification based on the proxy indicators and depending on fulfilment of laid down conditions

The quantum of likely losses and the amount of 'on-account' payment shall be decided based on the joint survey by Insurance Company and State Govt. officials.

Only those farmers would be eligible for financial support under this cover who have paid the premium / the premium has been debited from their account before the damage notification by the State Govt. for invoking this provision for compensation. Banks must ensure to debit farmers premium within 15 days from sanction/renewal of KCC/crop loan to provide benefit of this add on products , failing which banks will be liable to meet the claim liabilities of uncovered eligible famers. Amount payable would be 25% of the likely claims, subject to adjustment against final claims. If adversity occurs within 15 days before the normal harvest time, this provision will not be invoked. Then the losses will not qualify under this provision.

Loss assessment procedure:

District Level Joint Committee (DLJC), for assessment of crop damage, would be formed and notified before start of the crop season for each district.
The DLJC shall decide the eligibility for on-account payment based on the weather data (available AWS notified by the Government) /long term average rainfall data/satellite imagery supported by estimated yield losses at notified Insurance unit level and the extent of loss.
Information/ Services of Mahalanobis National Crop Forecast Centre (MNCFC) may also be utilized for determination of extent of loss for on- Account payout.
If the expected loss of the affected crop is more than 50% of the threshold yield for the Notified Insurance Unit, on-account payment would be payable based on the proxy indicators.

Proxy-Indicators: Indicators to be used for loss intimation could be rainfall data, other weather data, satellite imagery, drought assessment reports of MNCFC and crop condition reports by district level/ State Govt. officials, supported by media report and field photographs.

Timeframe for loss assessment and submission of report:

An order will be issued by Nodal Dept. of State Govt. defining eligibility of On Account payment with details of affected IUs within 7 days from the occurrence of adverse seasonal event.

Loss assessment report at the affected insurance unit level has to be completed by the Joint Committee within 15 days from occurrence of the adverse seasonal event.

On-account payment would be calculated as per following formula:

$$\frac{\text{(Threshold Yield - Estimated Yield)}}{\text{Threshold Yield}} \times \text{Sum Insured} \times 25\%$$

Mere disbursement/ sanction of loan without receipt/ debit of premium before the notification of calamity would not make a farmer eligible for the claim. The on account payment would be disbursed by the insurance company only after receipt of Govt. Share of Subsidy.
These claims would be adjusted from the end season area approach yield based claims
Formation of District Level Joint Committee (DLJC) under the Chairperson of District Collector/District Magistrate with the following members for loss assessment survey:

Eligibility Criteria:

Notified IUs will be eligible for "Prevented Sowing/ Planting" pay-out only if more than 75% of Crop wise normal sown area for notified crop in the IU remained unsown/prevented sowing/germination failure during sowing period due to occurrence of widespread incidence of eligible risks.

The provision is invoked by the State Govt. through notification based on the proxy Indicators. Insurance Companies may also provide input to the State in this regard with substantial evidence for consideration within the stipulated time so that claim of Insurance Companies may be verified by them. If Insurance Company makes such a case then State Govt. is bound to get it examined within a stipulated time of 7 days and in case State Govt. thinks that Prevented Sowing is not made out then they should inform Insurance Companies giving cogent reasons for the same.

Only those farmers would be eligible for financial support under this cover who have paid the premium / the premium has been debited from their account before the damage notification by the State Govt. for invoking this provision for compensation. Banks must ensure to debit farmers premium within 15 days from sanction/renewal of KCC/crop loan to provide benefit of this add on products , failing which banks will be liable to meet the claim liabilities of uncovered eligible farmers.

The State Govt. would notify crop wise and agro-climatic zone or district wise cut-off dates by which, this provision could be invoked but this notification should not be later than 15 days from cutoff date for enrolment of farmer.

Insurance companies may appeal to invoke prevented sowing within prescribed period with proper evidence. In

case, this provision is not invoked by the DL JC, Insurance Company may escalate the same in writing to State Govt.

Loss assessment procedure: State Govt. would declare a notified IU as having suffered Prevented or Failed Sowing/Planting conditions with approximate areas in percentage of the unit.

The lump sum payout under this cover would be 25% of the sum insured and the insurance cover will be terminated.

Conditions:

The cover will be available for major crops only.

Mere disbursement/ sanction of loan without receipt/ debit of premium before the notification of calamity won't make a farmer eligible for claim.

This provision would be needed to be notified within 15 days of the cut-off date of enrolment by the State Govt., beyond which if invoked, no claim would be payable.

The Insurance Company would disburse the claim within 30 days of the State's order / notification invoking the event of the insured risk, subject to the data on estimated area sown having been received from State Govt.

Insurance Cover would terminate for the affected crop in a Notified Insurance Unit once a claim under this section is invoked and the affected Insurance Unit/ Crop would not be eligible for area yield based claim calculated at the end of the season.

Once this provision is invoked, no fresh enrolment of farmers for the affected notified crops and areas would be done. Once exigency is invoked it applies to all the insured farmers in the Notified Insurance Unit for a given crop, including for those whose crop survived.

Bank would remit farmers' premium to Insurance Company, with loanee farmers list, within 7 days of intimation of loss under this section, if not uploaded earlier on Portal. However, this option must be exercised as last recourse with proper justification.

Decision to be taken about fulfilment of eligibility of more than 75% affected area of sown area in the notified insurance unit area within one month of sowing based on occurrence of any one of the proxy Indicators occurring along with other proxy indicators:-
• Severe Drought Condition, as defined in the Drought Manual, 2016

Agencies having infrastructure/capacity to provide technical services like Drones/RST/mobile/web applications will be given priority.

Once loss assessment/evaluation agency has been empanelled by DAC &FW, it is considered as pre-qualified company to participate/engage with concerned Insurance Company to undertake loss evaluation/assessment of losses under the provisions of the Scheme, however concerned Insurance Company will be responsible for maintaining quality of services being delivered by such agencies.

Once empanelled, the performance of such agencies will be evaluated after two consecutive seasons against vital parameters defining service and quality standards as described below by the Committee headed by Joint Secretary/Additional Secretary of DAC&FW and non-performing agencies shall be de-empanelled for a period of 2 consecutive seasons.

Detailed guidelines on accreditation of loss assessment agencies shall be prepared by the Committee comprising of members from IASRI, NSSO, MNCFC, Economic and Statistical Advisor-DES, empanelled Insurance Company, GIC-Re, representatives from State Nodal Departments etc.

11.Important Conditions /Clauses Applicable for Coverage of Risks

Insurance companies should have received the premium for coverage either from bank, channel partner, insurance intermediary or directly. Any loss in transit due to negligence by these agencies or non-remittance of premium by these agencies, the concerned bank / intermediaries shall be liable for payment of claims.

In case of any substantial misreporting by nodal bank /branch in case of compulsory farmers coverage, the concerned bank only shall be liable for such mis-reporting. Mere sanctioning/ disbursement of crop loans and submission of proposals/ declarations and remittance of premium by farmer/ bank, without explicit intent to raise the crop, does not constitute acceptance of risk by insurance company.

12. Acreage discrepancy

Some areas in the past have reported excess insurance coverage vis-à-vis planted acreage, leading to over-insurance. Ideally the discrepancy should be handled at farm level to protect the interest of farmers with genuine insurance coverage. All suitable measures are being taken by concerned stakeholders for de duplication with the help of Aadhaar Number, land records, banks records, revenue records and proposal/loan application of insured farmers.

The details of individual insured farmers are being collected on National Crop Insurance Portal for de duplication. However, in the absence of digitized farm records on a GIS platform and its integration with the Portal, it would be cumbersome to physically verify each farm when the reported discrepancies are comparatively large compared to the sown areas. Moreover, the scheme also covers the risk of prevented sowing/germination failure which is not being included in sowing areas furnished by the State Government for arriving of sown area of crop the during the season. State wise List of such major crops will be notified by DAC&FW in consultation with MNCFC from time to time before beginning of every season.

Under the scheme, notified crops are being insured by the Insurance companies on the basis of actuarial premium rate, hence, it is not their prerogative to reduce the Sum Insured and resultant claims on the application of ACF. However, to rationalize the government subsidy, it the responsibilities of all concerned stakeholders including farmers and financial institutions to insured the crop which farmer actually intend to sow/actually sown.

Option to change the insured crop has also been provided under the scheme for reporting of crop(s) actually sown for the insurance. There is also a provision to indemnify the crop losses due to localized perils on the basis of survey of individual plot/field under insured crops. Any wrong reporting of insured crops may lead to forfeiting of claims, if the crop actually sown and insured will be different.

Area Discrepancy will be applied only to those major crops for which Normal area sown data at the Block/Taluka level shall be provided by MNCFC based on the remote sensing data etc after factoring the areas remains unsown and failed germination/plantation due to adverse climatic conditions and shall be made available on National Crop Insurance Portal. No other data from any source including State Govt. will be considered.

However, any mass irregularities/anomalies in insuring of excess area i.e. more than the published cultivable area at Taluka level should compulsorily be brought to the notice of DAC&FW, in writing after cut off date of enrolment but before the period specified for reconciliation with banks along with facts/documents and list of bank branches etc so that the same may be examined by the Government and rectified by concerned bank itself before finalisation of business Statistics for the season on Portal

Decision of GOI in applicability of discrepancy in insured area shall be binding on all.

If the difference between insured area and sown area provided by MNCFC is >30% at Block/Tehsil/ Taluka , all IUs of such Block/Tehsil/ Taluka will fall under acreage discrepancy category and should be treated as having ‘excess’ insurance coverage.

Data on application of ACF shall be uploaded on National Crop Insurance Portal.

13. Publicity and Awareness

Adequate publicity needs to be given in all the villages of the notified districts/areas. All possible means of electronic and print media, farmer’s fair, exhibitions, SMS, short films, and documentaries shall be utilized to create and disseminate awareness about provisions and benefits of the Scheme among the cultivators and the agencies involved in implementing the Scheme. Agriculture/ Cooperation Departments of the State shall work out appropriate plan for awareness generation and publicity on an on-going basis from three months prior to the start of coverage period. Similarly, Insurance Companies will conduct Publicity and Awareness immediately on receipt of award of work. All the publicity material/ information should necessarily be uploaded on the National Crop Insurance Portal along with coverage/frequency/ duration date etc.

The State Govt./ UT in collaboration with Insurance Companies shall also chalk out plan for capacity building of the associated agents, banks etc for effective implementation of the Scheme and organize training workshops/ sensitization programme for them in association with participating Insurance Companies.

As per ROGs, Insurance Company need to spend 0.5% of the Gross premium on Publicity. For optimum utilization of available funds, which are meant for publicity and awareness, the fund amount should be kept under the disposal of State Govt/ expenditure to be met with the concurrence of State Govt. The fund will be utilized for proper publicity and for conducting awareness camps etc. In case if actual expenditure in this

category is less than 0.5% of Total Gross Premium, the IC shall deposit the difference in GOI Technology fund within 3 months of cutoff date for enrolment.

14. Commission and Bank Charges

Bank and other financial institutions etc. shall be paid service charges @ 4% of the farmer's share of premium by Insurance Company as generated from the Portal and within the 15 days of finalization of business statistics. Rural agents engaged in providing insurance related services to farmers may be paid appropriate commission as decided by Insurance Company, subject to cap prescribed under IRDAI regulations.

If there is delay in payment of service charges by Insurance Company beyond 15 days of finalization of business statistics, amount needs to be paid with interest @12% p.a. Common Service Centres shall be paid service charges by Insurance Companies, as decided by GOI, per farmer application form successfully submitted by them.

This includes charges for submission of electronic data of farmers along with uploading of copy of LPC/Land records/ /contract document or any other document defined by the concerned State Govt. to identify share-cropper/tenant farmer, self declaration of intent to sow the proposed crop or sown crop/sowing certificate as notified by State., Bank Passbook, upto 5 pages and printout of one page of premium acknowledgement receipt.
